

## Assignment 2

# Web Development

HTML/CSS. Bootstrap

# Task 1. Columbia flag

```
<!DOCTYPE html>
<html lang="en">

<head>
  <meta charset="UTF-8">
  <title>Assignment 2. Columbia flag</title>
  <link rel="stylesheet" href="index.css">
</head>

<!--
Attention! don't touch the HTML
don't add class, id, element
Use everything you know about combination selectors
Colors for flags stripes you can see in the Internet
Flag size 900px * 600px.
-->

<body>
  <div class="flag">
    <div>
      <div>
        </div>
      </div>
    </div>
  </div>
</body>
</html>
```

- Using the knowledge about cascading and combining selectors you need to create flag of Columbia
- Starting file will be given in Assognmetn1.zip file
- Don't touch HTML file! Don't write anything there. You need to create css file or write your styles inside style tags only. And create this:

## Task 2. Pricing table

- Using knowledge of Flexbox, create three pricing cards. Center them horizontally and vertically
- Use the font: font-family: 'Sono', sans-serif. For widths less than 576px: arrange the cards in a column.
- Button color: ff6600.

Main	Standard	Premium
<b>1000 T̄/mo</b>	<b>2500 T̄/mo</b>	<b>5000 T̄/mo</b>
<input checked="" type="checkbox"/> 100 sms inside network	<input checked="" type="checkbox"/> 1100 sms inside network	<input checked="" type="checkbox"/> 2000 sms inside network
<input checked="" type="checkbox"/> 100 min inside network	<input checked="" type="checkbox"/> 1000 min inside network	<input checked="" type="checkbox"/> 2000 min inside network
<input type="checkbox"/> min to other operators	<input checked="" type="checkbox"/> min to other operators	<input checked="" type="checkbox"/> 100+ min to other operators +
<a href="#">Sign up</a>	<a href="#">Sign up</a>	<a href="#">Sign up</a>

## Task 2. Pricing table

- How It should look like for mobile screens

### Main

**1000 ₹/mo**

- ✓ 100 sms inside network
- ✓ 100 min inside network
- ✗ min to other operators

Sign up

### Standard

**2500 ₹/mo**

- ✓ 1100 sms inside network
- ✓ 1000 min inside network
- ✓ min to other operators

Sign up

### Premium

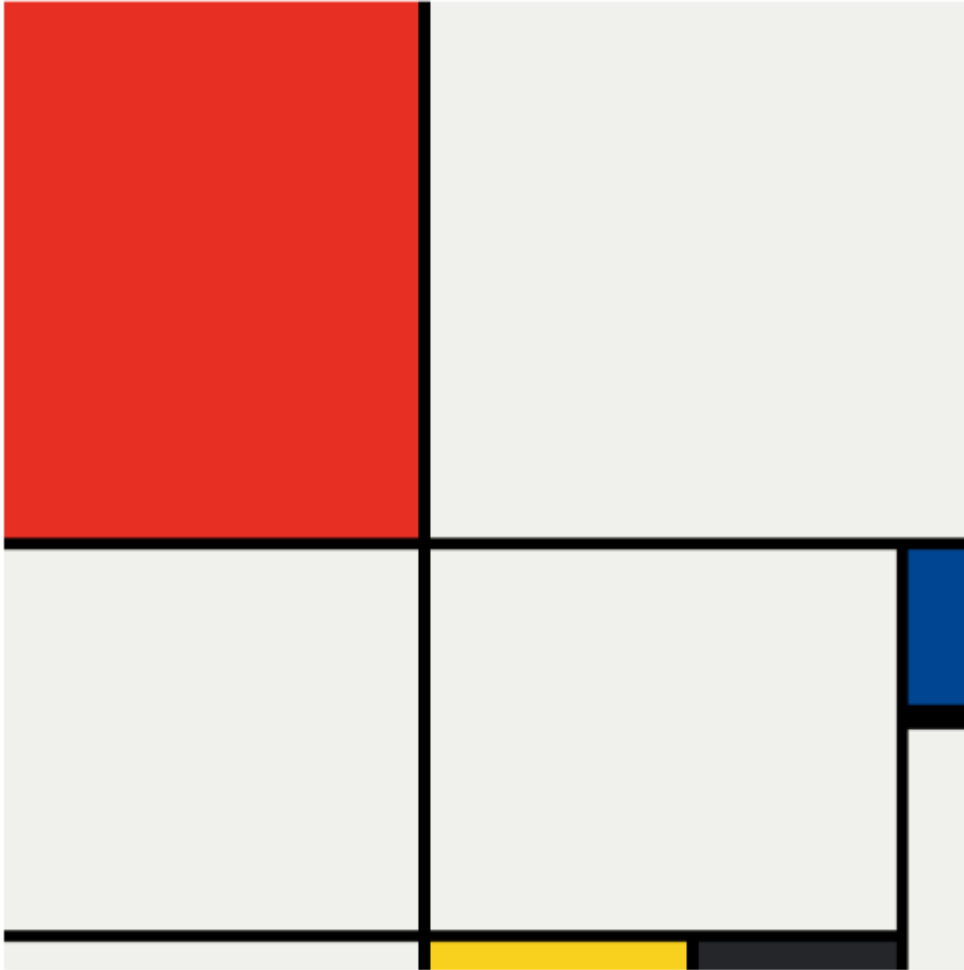

**5000 ₹/mo**

- ✓ 2000 sms inside network
- ✓ 2000 min inside network
- ✓ 100+ min to other operators +

## Task 3. CSS GRID

- Using knowledge of CSS GRID create the following painting (This is a painting of famous Dutch painter Piet Mondrian)
- Dimensions and colors are given on next page

# Task 3. CSS GRID

Colors:

Gap: #000

White: #F0F1EC

Red: #E72F24

Black: #232629

Blue: #004592

Yellow: #F9D01E

## Task 4. Bootstrap

For this task you need to create a Website **TRIPGo** using Bootstrap library:

- How to create the first page of this website is described in lecture materials: Lecture 17. TripGo Project. Following instructions given in *Lecture 17. TripGo Project* you need to create first Page
- Second page 'Direction' will be created by you. Using ready Bootstrap templates and components you need to create **Direction** page which describes the travel directions available in this Agency with different options. Page **Directions** should be available when user will click Directions link on a navbar. You need to be creative. Turn on your imagination to think about design of your page.

# Task 4. Bootstrap

- This is your first page of TripGo Project
- Directions page should be available when user click link Directions:

- Images and the structure of the Project for the first page will be given in Assignment1.zip file(Folder 4)
- You need to add directions.html inside the folder '4'
